

**Neusol**  
EDUCATION

# LEARN FROM THE BEST

*Leading you towards  
progress & development*

## ABOUT NEUSOL EDUCATION

Neusol, after achieving success through its unmatched IT services, is taking another influential step by introducing Neusol Education. We are offering training programs for corporations and individuals to learn the skills needed to excel in life and career.

## OUR SOLUTIONS

### **Corporate Training**

If you wish to drive your employees towards greatness, corporate training is the answer.

### **Individual Training**

With our diverse resources, you can sharpen your skills and discover new ways to be the best.

### **Customized Training**

Customized training takes place based on our client's preferences and needs.

### **Train the Trainer**

Based on the techniques our trainers use, you will have a better chance at becoming one yourself.

### **On-Site Training**

On-site training can be extremely beneficial to every corporation because it saves time.

## WHY NEUSOL EDUCATION?

To contribute to the success of Pakistan's business and IT sector by providing professional training to corporates and individuals. We strive towards providing quality in every program with our excellent and (impressive) proven track record in the IT industry since 2010.

We have an expert team of professionals at our disposal who help make the training more impactful for individuals and companies who seek to achieve new heights of success.

## INDUSTRIES WE CATER TO

## TRAINING FACILITIES

We have facilitated the space to provide an ambiance that encourages better learning. It has a technologically-advanced and flexible environment.

## TRAINING METHODOLOGY

We offer technology and simulation-based trainings while using comprehensive training methods. We provide handouts and machinery required for on-spot practice.
